## Feedback

My Son Master Shraavan Girase, Age 10 years was admitted in your Hospital on dt. 05.11.15 due to dengue fever.

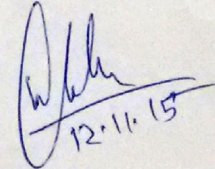

He was in very critical situation, but Miss Priya madam & all PICU team work so hard to & treat him & now he is perfectly alright.

I would like to thank specially to Priya Madam, for her specially care, even in night night she called her subordinates & taking the feedbacks for his health. Even after her working hrs, she works.

Also, I want to thank PICU staff who work like a team under Priya madam's supervision to save my child.

Once again thanks a lot to all of you.

Thanks & Regards

  
12.11.15  
Mahendra N. Girase.
